Thank you for your interest in NEIGHBORS. Here is our Media Kit:

General Information:

Neighbors is a FREE, community-oriented newspaper that is published and distributed during the first week of each month from March through December in Cass County, Michigan, a rural county approximately 30 miles northeast of South Bend, Indiana, and approximately 30 miles southwest of Kalamazoo, Michigan. Neighbors was founded in 2004 by Fred Stein and Phil Vitale. The mailing address for Neighbors is: Neighbors, c/o Fred Stein, 21308 Sail Bay Dr., Cassopolis, MI 49031. Phil Vitale, the editor, can be reached at (269)476-1680 Fred Stein, the advertising manager can be reached at (269) 228-1080. Neighbors is on the Internet at [www.CassNeighbors.com!](http://www.CassNeighbors.com)

Circulation:

Circulation of Neighbors varies by month (based on seasonal population) and ranges from a low of 5,500 (in December, for example) to a high of 8,000 during the peak summer months.

Included in this circulation, Neighbors is delivered via US mail to more than 3,000 homes on the following area lakes: Diamond, Eagle, Birch, Corey, Donnell, Indian, Magician, Shavehead, Long, Baldwin, Dewey, Cable, Painter, Juno, Christiana, Stone, Paradise, Buck, Lewis, Big & Little Twin, and Bair. Additional mail delivery of Neighbors also reaches various community government, business and civic leaders.

The remainder of the newspapers are distributed at restaurants and bars, retail stores, beauty salons, gas stations, real estate offices, marinas, banks, libraries, fitness and senior citizens centers, health care facilities and other public venues in and around Cass County (a portion of the newspapers are distributed in neighboring areas of surrounding counties).

Advertising and Demographics:

Neighbors is a "targeted" publication oriented to reach the area's most lucrative niche market. Direct delivery by US mail to the homes on the area lakes reaches the most desirable demographics, representing maximum population density, expendable income and available leisure time. Our readers own or rent property on these lakes. Many of our readers are non-resident property owners who spend at least a portion of the year enjoying their seasonal homes and cottages — many of which are valued well over \$1 million in value (property on several of the lakes commands prices over **\$10,000 per front foot!**).

As the only countywide newspaper with a 50% advertising to 50% editorial ratio, Neighbors has exceptional readership, high pass-along and excellent "shelf life" among visitors and residents.

Advertising rates and ad sizes (mechanical specifications) are attached.

Editorial Content:

The editorial content of NEIGHBORS is largely geographically specific, with information on community events, schools, churches and public facilities.

Regular monthly news may include items of interest from county government, news from the lakes and towns, and an extensive calendar of regional events.

Feature items often cover topics of interest to the community, and might include subjects like area parks, summer recreation, local environmental concerns, community agencies and governmental departments, legal issues, and nearby attractions of interest to readers.

Columns by local writers feature information on upcoming events at the county's libraries, county health department information, fitness and health, the local arts community, nature and wildlife, history, recreation and the outdoors, children and education, computers, travel, landscaping and yard care, local recipes and area business.

Editorial content is approximately 50 percent of the newspaper's content every month.

Production Information:

The number of pages every month is determined by the amount of advertising sold. NEIGHBORS is produced with high-quality (300 dpi resolution) 4-color-process images. It is printed on an off-set Web press by The Papers Inc., of Milford, Indiana.
